

SHARE THE WEALTH

1. Purpose: Share the wealth (STW) is sharing of fun items with others at the SVR Dinners. The reason this is done, beyond fun, is that the funds raised from this have been used for years to help offset the cost of the Drifter. This is SVR's way of giving back to the members.

2. Scope: STW is typically done at all monthly dinners during the year except for the January planning meeting, November, and the December Christmas party. It is not done at other events.

3. Procedure

a. A STW coordinator(s) is appointed by the President, has no fixed term, and is not required to attend Board of Directors (BOD) meetings unless there is a specific request by the BOD.

b. The STW works with the Social Director and each dinner event chair to ensure that the STW is appropriate for the upcoming dinner and that it is advertised in the event flyer.

c. If the STW cannot attend the dinner, arrangements should be made with the event chair for that person or designee to conduct the drawing. Ticket supplies should be provided.

d. The STW needs to maintain a supply of double roll raffle tickets (appendix) which are used for the drawing. A receptacle needs to be brought to the event to hold the ticket stubs prior to the drawing. The Treasurer will reimburse the STW for the cost of purchase of the tickets. Use the Treasury Action Submittal form on the SVR website. Once completed, this form is submitted by mail to the Treasurer.

e. Tickets are priced at \$1 each or \$5 for eight. If the member brings a STW prize, he gets one more ticket. If she wore her nametag, she gets another. Give the member the Keep this coupon and put the other in the "receptacle".

f. The best door prizes are Porsche stuff: parts, books or manuals, posters, etc. Other car stuff is good too as are the other articles that members often make. For example, cookies or brownies, caramels, (we have some great cooks in this outfit!), houseplants, flower arrangements, bottles of wine (very popular), etc. This is not a white elephant type of thing. Some folks will bring items related to an upcoming holiday or special occasion.

g. During the social hour, the STW mingles and sells tickets, also keeping track of arrivals who bring STW items to give them the tickets. When dinner starts, ticket sales stop.

h. At the end of the dinner, the drawing begins for prizes. It usually takes two people to conduct the drawing, one to draw and one to deliver the prize. Call out the color of the ticket if you are using more than one color and hopefully, just the last three digits of the number.

i. Prizes have been awarded using two different methods - the member gets to pick or the STW says which prize is next. If it is a crowded venue, the second method is recommended. Members are allowed to pass on the prize, but their number doesn't go back in.

j. Money raised goes to the Treasurer for deposit in the Bank with the Treasury Action Form. Keep the cash and send a check payable to PCA-SVR with the form.

k. At least twice a year, the STW should write a short article for the Drifter about the program. It should cover what the program is, interesting items from the current year, and how much has been raised.

Appendix: Double Roll Raffle Tickets
