SVR President's Column

Gregg Plourde, President

Electronic registration is here!

After a test period to learn how to use it effectively, we have many of our social events listed with the option to sign up online. As usual, the information about an event is listed on our website www.svr-pca.org, and in our newsletter, The Drifter (both online and printed), and in our emails to your inbox (known as an Eblast). You can read about the event, check the date(s) and decide if you want to go, sign up and pay all at the same time.

If you are online and, on our website, or reading the online version of The Drifter or reading the Eblast in your inbox, you will see a link to the registration page of various events coming up. It will allow you to click on the web link and go to the events website. There will be more information about the event as well as the cost, if any. You then click on the "Tickets" button and put in the number of tickets, your first and last name and an email address so we can contact you with additional information, like route instructions or other important information. You can use a Debit or Credit Card to pay, click the "Pay Now" button and your good to go! For example, you can go to www.svr-pca.org and scroll down where we have listed all the events that are coming up. If you decide to go to the River Cats and Porsches event on June 2, you will see a green "Tickets" on the right side, click it and you will be taken to the events sign up page, fill in the information and go! No checks or finding a stamp and envelope. We can then use the email you gave us to keep you informed as the event gets closer. There is no fee to you to sign up electronically.

If you are reading The Drifter online there will be a link in the following places; the calendar of upcoming events usually on page 5, or the new master

calendar of all events for the remaining year toward the back the online version and directly in the events flyer. You will be able to click on the link (links are usually blue in color and are underlined) and be taken to the signup page. If you are in your email inbox the same applies - just click and go.

If I'm not in the online version of The Drifter or in my email, I always go to www.svr-pca.org scroll down to the events section, and look for the event I want to sign up for. This also gives me a chance to see other events coming up and who knows, I might sign up for another fun club event! Also check out the new [Events](#) page for all our upcoming events!

Right now, the following social events are set up for electronic signup and more are coming!

- Dinner at Dominick's May 5 (currently full!)
- Anderson Valley Wine Tour May 11 (registration ends May 4)
- New Members Tour May 18
- River Cats Baseball and Porsches June 2
- Vince's Board of Directors on Tour (Woodland) June 22
- SVR Solstice Rally June 23
- Smith Flat House (Placerville) Board of Directors on Tour July 27
- Cambria Tour September 27 – 29.

We will be adding more events soon so be sure to check out our [website](#) for more fun events!

Of course, you can still send a check to pay for any SVR event

Did you notice I put in quite a few clickable links??

If you like wine tasting, I really suggest the Anderson Conn Valley Tour, hosted by John Mueller. This is an exciting winery, and John has gone the extra mile to make this a memorable event. There are two vineyards here, Anderson Conn Valley and Ghost Horse, each with its own unique story. This winery tour will be a private event just for us!

If you are a new member, defined by being in the club less than two years from your join date, you're welcome to join us for a no-cost event that includes two of our popular events, driving and eating. We will take a drive through the beautiful foothills from Niello Porsche to Feather Falls Casino where we will have a pizza luncheon with hors d'oeuvre's and salad included. The room is private and non-smoking.

If you like baseball, sign up the River Cats game Sunday the 2nd of June. This will be my third time and I'm looking forward to this fun event. We have secure parking right out front and especially fun is the first 40 cars get to do a "parade" around the ball field in your Porsche! I've heard there will be some nice 356's coming and that is always a treat!

I hope to see you on an SVR event!

The Weissach "Marsch"

No manufacturer has come close to Porsche's success through the years at Sebring International Raceway. The Mobil 1 Twelve Hours of Sebring on March 19th brought Porsche's win total at the track to 96 -and it certainly didn't come easily. The No. 67 Ford Chip Ganassi Racing Ford GT had dominated the majority of the GT Le Mans (GTLM) class race. A bold move by driver **Nick Tandy** with about one hour remaining to get by the No. 67 Ford GT of **Ryan Briscoe**, (who had to pit) ultimately proved to be the winning pass for Tandy and his No. 911 Porsche 911 RSR teammates **Patrick Pilet** and **Frederic Makowiecki**. This is the first driver trio to win the IMSA race at Sebring twice in a row. The No. 912 sister car driven by **Earl Bamber**, **Laurens Vanthoor** and **Mathieu Jaminet** fell back two laps in the early in the race and finished the thrilling long-distance classic in fifth place. The race was slowed by five full-course cautions, including

a 40-minute yellow flag to start the race due to poor track conditions from a heavy rain Saturday morning. Here is a tour of the GTLM car: <https://www.youtube.com/watch?v=-hrrjPJM6kY>

A day earlier, the No. 91 PORSCHE team of **Richard Lietz** and **Gianmaria Bruni** won the FIA/WEC LM GTE 1,000-mile race of the Sports Car World Endurance Championship. The sister Car No. 92 finished in 5th place after a hard fought race. These impressive showings sets the Porsche team up nicely for the

FIA/ WEC Spa-Francorchamps circuit in Belgium, May 2-4. It is said that these 991.2 RSR's were the loudest cars on the track. Here is some raw ear candy. <https://www.youtube.com/watch?v=leUEb6bJC3M>.

Long Beach

Round three of the IMSA WeatherTech SportsCar Championship came to Long Beach on April 13th. Porsche's stellar start to the 2019 IMSA WeatherTech SportsCar Championship season continued Saturday afternoon at the BUBBA Burger Sports Car Grand Prix. The No. 912 Porsche 911 RSR of **Earl Bamber** and **Laurens Vanthoor**

took the checkered flag at the end of a chaotic 100-minute sprint race. In qualifying, the team's sister car, the No. 911 Porsche of **Nick Tandy** and **Patrick Pilet**, qualified in the pole position at the iconic Long Beach street course but finished the race with a 5th place showing.

Within the Long Beach Grand Prix weekend was the Pirelli GT4 America Sprint. The Racers Group's **Spencer Pumpelly** went flag to flag at the Streets of Long Beach to win Round 3 of the

Pirelli GT4 America competition. The TRG No. 66 Porsche 718 Cayman GT4 Clubsport driver took the top spot in a record-setting qualifying lap and finishing 0.687-seconds ahead of the second place. This is our "local team", longtime Drifter advertiser and SVR supporter. Congrats to TRG!

It has been next to impossible for me to watch all the action and I usually resort to post race highlights. If you're interested, it is streamed live online, on the Fox Sports Go app, IMSA.TV and sometimes on channels FS1 or FS2.

Carrera Down Under

In case you haven't heard, there is a race series called

Porsche PAYCE Carrera Cup Australia. It has 3 tiers: Pro, Pro-Am and Junior. Imagine twenty five 991.2 GT3 fighting for series points, going flat out. More info can be found online. Go to <https://www.carreracup.com.au>.

Be sure to search YouTube for videos too.

Thank you Rik Larson

Since 2009, **Rik Larson** has been a

pivotal part of The Drifter team. Rik has elected to scale back his heavy involvement on The Drifter team but continue in our distribution. His dedication to PCA, our Zone and our Region truly shows. Look for his PDK column to pop up now and then. His contributions really add up.

From The Charity Corner

By Lois Roberts, Charity Chair

Great news! Our Board of Directors has approved a club charity for 2019 and a new way for us to participate in giving!

Since the Porsche Club of America was formed in 1955, regions have been recognized for their community service and charitable contributions. As a volunteer organization, we realize that just as we care about our Porsches, we also care about our communities. Our annual fund raiser for charity allows us to collectively give a large amount that can make a difference for others in need.

Each year Sacramento Valley Region PCA has been successful in choosing worthy charities to support though auctions at our events. We just received a thank you note from Ride to

Walk for our donation of \$8,000 raised in 2018. For 2019, we are going to be a creative by delivering our charity participation in a way that we hope more of you can participate. Instead of an auction at an event, we will be holding an "on line" auction (think eBay for Porsche enthusiasts!) We will be holding the on line auction in September and will notify you as soon as the items are available.

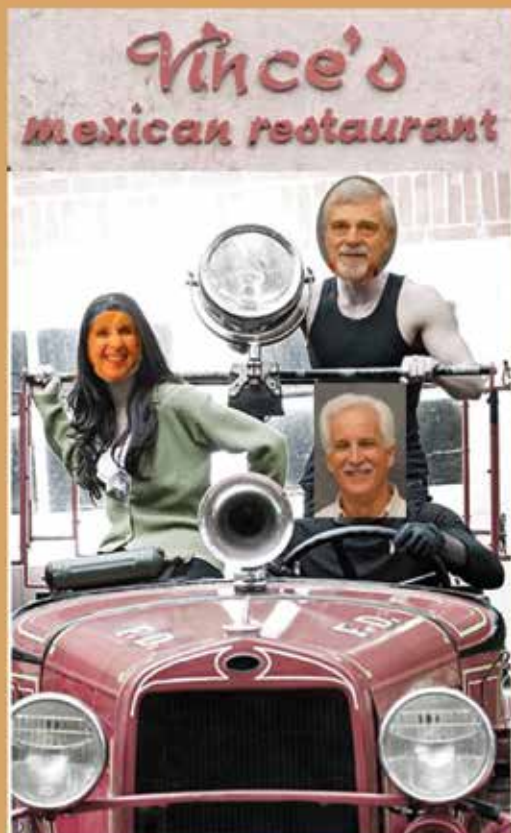

Our chosen charity this year is Angel Flight West, an organization that provides free non-emergency air travel for those in need of traveling for medical care (frequently to UC Davis), for families, children and veterans who otherwise could not afford this service. They are a volunteer nonprofit that has been serving our region since 1983. They are only supported through

donations and their volunteer Angel Pilots and Earth Angel Pilots. To find out more about their great work go to www.angelflightwest.org

How you can help? We will need items for our on line auction. Know a professional photographer who would donate? Have extra air miles you could share? Have a week in a time share or vacation home you could share? Have treasured Porsche memorabilia to donate? Have a Porsche jewelry item to donate? How could your business help? Please contact me or Mike Dunn as soon as possible if you have an item to donate or have an idea to share.

The Rivercats and SVR Porsches

By Skip and Mardi Quain

The River Cats 2019 season has
started.

The third annual SVR visit to Raley
field will be held on Sunday June 2nd.
SVR members, family and friends will
gather together in the Solon Club in
the covered upper level with reserved
seating at Raley Field to watch the
River Cats play the Las Vegas Aviators.
The Aviators are the new AAA team for
the Oakland A's. The rivalry between
the River Cats and Las Vegas Aviators'
should produce some great baseball for
the local Giant and A's fans.

With baseball moving into the
era of statistics, River Cats fans will be
seeing a number of River Cats players
moving up to "Show" as a roster

member of the Giant's, their major
league partners. On the same note, the
Giants will be moving players from their
roster to the River Cats lineup to work

them selves back into shape after a
period on the DL or getting needed "At
Bats" or "Position Work" to regain their
form. Additionally, River Cats players
who are producing great results will be
getting a call from the Giant's to move
up to the "Show" to display their skills.

In former years River Cats fans have
seen Madison Bumgarner, Hunter Pence
and other Giant players spend time on
the River Cats roster.

Remember to detail your Porsche
for our Parade lap around the outfield
warning track.

See you on June 2nd at Raley Field.

M_AX Fun

By John Leet, Autocross Chair

2019 Autocross School a Success!

The SVR autocross team hosted our annual autocross school that included a classroom session hosted

by Niello Porsche on March 30th and driving instruction at the San Joaquin Fairgrounds on April 6th. This event was in high demand and sold out very quickly. For those who were not able to participate, we welcome new drivers at any of our autocross events, and have instructors available to work with students individually to help them learn the ins-and-outs of autocross!

For the driving portion of the class, the weather threatened rain early on but cooperated for us and we managed to avoid any issues!!! The morning session provided the opportunity for students to work with instructors on various driving skills, including slalom, skid pad, braking and figure eight.

In the afternoon, we ran an abbreviated autocross competition, where each driver had four runs to practice their skills on a course.

As expected, there was steady improvement in run times through the

afternoon runs as everyone became more familiar with the capabilities of their vehicles and their own driving ability. Average time by a little over 3 seconds through the day. Just shy 48%

of the drivers captured their best run of the day on their final run... I'm sure a culmination of the experience, comfort levels and in some cases shedding off weight of a coach in the co-pilot seat

aided in the final run successes.

Top Times of Day (TTOD): Stealing a quote from the Secrets of Solo Racing, "It is not always possible to be the best, but it is always possible to improve your own performance – Jackie Stewart." For Top Time of Day the bar was set on the first run by **Matt Petrali** with a 50.832 in his first run. **Greg Darrah** bested that time by almost a second in his second run with a time of 49.974.

Matt Petrali however countered with a second run, personal best for the day of 49.669 which stayed at the top of the leader board for run three but the competition was closing the gap. On the fourth run **Tyler Van Spanje** dropped in a time very fast time of

49.657 pushing Matt to 2nd place, but not to be outdone **Greg Darrah** found a bit more speed and pushed both Tyler and Matt down a spot by posting time of 49.484 and grabbing the TTOD. Rounding the next four spots we had **Trevor Cazares** at 51.602 close behind we had **Jake Van Spanje** with 51.782 (dad was battling for TTOD... I see some father son competition in the coming season), **Joe Genshlea** 52.044, and Scott Roberts with 53.062.

Ladies Top Time: Ladies top time of the day was delivered by **Kelsey Leet** with a time of 52.914, with **Vicki Fanucchi** with at time of 57.072 and ½ a bumper away **Deeann Price** with 57.124 and Julie Lee close behind at 57.833.

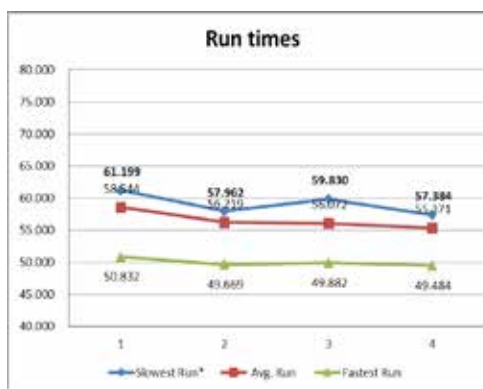

Most Improved: Average times progressed well throughout the day everyone got more familiar with the cars, the course and their own abilities. The Average difference between the all drivers first reasonable run (run one or two) and best run was a mere about 4% which equates to around 2.5 seconds. The biggest improvement came from

Julie Lee who consistently shaved off time on each and every run and improved by a total of 9.4 seconds for a 14% improvement. **Al Price III** shaved off 4.8 seconds for a 7% improvement, followed by **James Burton**, and **Albert Dennis** both shaving

off 4.2 seconds for 7% improvement as well. Rounding out the top five we had **Vicki Fanucchi** trim 4.1 seconds for a 7% improvement as well.

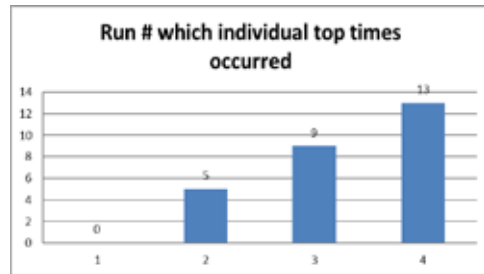

Fun Stuff:

Consistency: One of fun measures is who's the most consistent. This takes your three best runs of the day

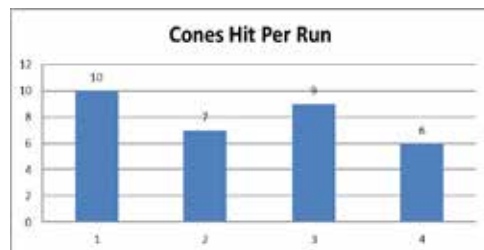

and determines a standard deviation for those runs. Standard deviation is an indication of the variance from the mean value of your best three runs. The lower the value, the more consistent your runs were. **Ron Aquilla** best three runs varied by a mere 0.151 seconds. **Greg Darrah** close behind with a difference of 0.260 and **Robert Laliberte** 0.280 second difference.

Coneage: During the day an

intrepid group of course workers put cones back when they were displaced, knocked over and in some cases simply mowed down!!!! They corrected a total of 32 cones during the day (FYI – last year’s class count was 31 cones). Not a bad day for the cones... to be honest they were a bit nervous going into this with all of the new autocrossers (yes cones can be afraid). Unfortunately there were a few cones that will not be returned to service and will be released to retirement. Please remember to thank the cones for their tireless service during your next course walk and apologize in advance to the ones you know you’ll probably mow over. A total of 16 of the drivers today were responsible for the coneage. The remaining 11 while kind to the cones, did not do their part to keep

the course workers busy... please... push harder, driver faster next time, the course workers need to work

harder. I would like to call out the work of our top cone squasher

Albert Dennis who topped the charts by a good margin with 9 cones. He hit 4 on the first run, with a clean 2nd run and then 3 cones and 2 more in his final runs of the day. Honorable mention goes to the next two cone squashers **Matt Petrali**, and **Ryan Fleming** who had three each during the day.

pcaor.org/wp/autocross/ for upcoming events and the registration link. We look forward to seeing you at future events!

Finally, please remember the SVR autocross team is here to help you continue improving your car handling skills so PLEASE reach out to members of the AX team for input, advice, or coaching as you continue honing your skills. Coaching is not for just the NEW drivers, it’s for everyone. If you’ve hit “that plateau” let us know. We’re happy to help and if requested ride along and provide additional coaching or suggestions for fine tuning of your driving as you skills progress. For those who are still curious, you are more than welcome to come out and watch too! We have seven SVR Autocross events to look forward to this year with two in May and then one per month through October. Check out the link <http://svr->

March Dinner at Yue Huang

By Rosemary Wu and John Lanting

Photos Matt Menning and Collin Fat

Many new and seasoned members gathered to enjoy great food and each other's company for another delectable night of eating. SVR dined at **Yue Huang**, a new North Natomas restaurant featuring traditional flavors of Southern Chinese cuisine with chefs hailing from the Canton province in China.

10 courses of food steadily arrived at each table, including Pot Stickers, Egg Rolls, and Shrimp Shao Mai to start, followed by Honey Walnut Prawns, Chinese Broccoli with Rib-Eye Steak, Crab Meat Soup, Mustard Greens with Mushroom, Empress Chicken, Lobsters and Fresh Fish. Oranges were served

to cleanse the palate and a sweet bean soup capped the dinner.

As part of the festivities, **Alma Thompson** led a very successful "Share the Wealth" effort with generous donations from our members. Various prizes included

many bottles of red and white wine, lucky lottery tickets, chocolates and Porsche literature. In addition to taking home an abundance of food for the next day, people did not leave empty handed.

Besides many veteran members of SVR, we acknowledged many newer members to our PCA Region. Thank you to everyone who came, participated in "Share the Wealth" and helped organize this dinner. For those who couldn't make it, we hope to see you at the next dinner to share in great food and comradery!

Photos Sacramento Treffen Group

The PCA Santa Barbara Treffen held at the Hilton Beachfront Resort from April 3-6, attracted Porschephiles from all over the US, including Canada. Santa Barbara is one of the most beautiful places in the US, otherwise known as the American Riviera and the Hilton Beachfront is a first-class resort. Attendees from far as Hawaii and South Carolina registered for this Porsche event. This was a very popular Treffen as the event sold out in about an hour. According to a Treffen volunteer, there were 134 cars with 250 folks registered. Eight couples from the Sacramento Region were ready and online when registration opened to ensure attendance. The eight were **Nick and Kim Majetich, Brad and Beverly Oneto, Andy and Deborah Simpkinson, Stephen and Jean Kashiwada, Kirk and Linda Bradford, Bob and Karen Lozito, Ed and Terri Parra, Rich Wetzel and Delores McKinnon. Bob Lozito and I** decided we should contact this Sacramento group and caravan to Santa Barbara, as well as plan some group

dinners. Caravanning was fun and the weather during the entire Treffen was pleasant (slight overcast but no rain). The hills, valleys and mountains were lush and green. The coastline, as always, was spectacular.

Treffen opened on April 3rd with a welcome reception and social. The

music was blaring and drinks were flowing. The DJ was from KEF Speaker company, one of the main sponsors. We mingled with several folks from other Porsche Regions and a few raffle prizes were given out. Dinner was on our own this evening so our group Ubered to

Los Agaves, one of the best Mexican restaurants in Santa Barbara. The food was outstanding, especially the chicken fajitas! Our other Sacramento group dinner on Friday was at Olio E Limon, an upscale Italian restaurant. The ambiance was lively as the tables were full and the food was delicious. We had an Italian waiter, very heavy accent, who seemed a bit overwhelmed by the patrons he was serving but never-the-less we were served within a reasonable timeframe. However, the only glitch was he got confused on our separate bills, mixing up drinks or entrees on the wrong bills. He seemed to be ok with the inaccuracy of the bills, stating: "Oh, I justa put your drink on a your friends bill. No problem, yes?" The waiter's entertaining nonchalance was unexpected that

evening, though quite humorous. Eventually we got the bills worked out.

There were several tours or events planned with 12 different tours to choose from: Sailing Regatta, Hearst Castle, Santa Ynez Valley wine tour, Spanish Missions, Solvang, Reagan

Library, Santa Barbara wine tour, Getty Villa, Lotus land Botanical Garden, Dolphin Cruise, Trolley tour and Walking tour. There was also a Spanish themed dinner on Thursday, with paella and Spanish chicken served, as well as entertainment with Flamenco music and dancers. The other themes were Fess Parker Wine and Cheese Social on Friday and Endless Summer theme during Saturday's dinner.

Most of us registered for different tours, albeit a few of us ended up on the same tours. The Santa Ynez Valley wine tour meandered through several backroads of beautiful countryside. It was difficult for the driver to keep their eyes on the road as the scenery was captivating. We ended the tour with a fabulous luncheon at the Monarch Hills Country Club in Nipomo. As a matter of fact, PCA Treffen did a great job ensuring first class quality and service for all our luncheons and dinners.

The Reagan Library tour seemed to be very popular. A large group headed to the Library though the Ojai mountains arriving via the backside of the Simi valley. This made for an interesting and scenic drive and several of us were Dramamine ready. Upon arriving the parking lot was rather full as many locals were already in line to enter. However, no need for us to wait as we had prearranged carte blanch with a docent leading our

tour. The Reagan Library was very well done and planned, displaying President Reagan's early life history, presidential accomplishments and a few missteps during the President's tenure.

Nancy was also a big part of the of the exhibits, showcasing her own accomplishments and support as the First

wished to be buried on this site because of its beauty and it represented a part of the Western lifestyle he revered.

Also, within the Library was the Pompei Exhibit, the historic Italian city buried by the ashes of Mt Vesuvius after a massive eruption in 79 AD. The city was quickly overrun by heat and ash, trapping Pompei's inhabitants before they had a chance to flee. This fascinating exhibit had many original artifacts on display and some recreated. One of the most astounding discoveries when the city was unearthed were the cast bodies that were preserved in the moment of sudden death. Some shielding their eyes, others clutching their children and one person crawling, seemingly trying to escape the last second before their demise.

The Santa Barbara Treffen was well planned, had great weather, had much to offer and the location speaks for itself, the American Riviera. We thoroughly enjoyed ourselves for four days. Also, during our farewell dinner the PCA announced that the spring 2020 Treffen would be held in Colorado Springs, in which many of us at the table immediately began to discuss attending. Maybe another caravan might be in order?

Lady. The Reagans are interred together on the backside hill of the library, within a circular granite wall memorial which overlooks the beautiful mountains and the ocean. President Reagan, upon seeing the view after his first visit many years before the library was built,

April Dinner at Fat's Asia Bistro

By Skip Quain, Drifter Contributor

Photos Ed Parra

A large number of SVR members packed Fat's Asia Bistro restaurant in Folsom

on Monday April 8th. The dinner, hosted by Cookie Anderson, is one of the more popular events on the SVR calendar. The crowd gathered early to socialize. The attendees sipped wine, beer and

other adult beverages and brought each other up to date on their activities. Mardi and I came upon an old friend and fellow racer Paul Richins and his wife Pam Sakamoto, SVR members we

From my vantage point there was hardly an open seat.

As the delicious courses arrived, I noticed that the sound in the room had lowered as the SVR crowd were talking less and enjoying the wide

range of delicacies that arrived at our table at regular intervals. Several members were taking photos of the group. Ed Parra was shooting photos for The Drifter and Collin Fat our Zone

7 Rep, who always seems to have a camera in his hand, was also making his rounds coaxing members to move closer for better shots.

As we enjoyed our dessert, Collin shared part of his Fat's family recipe story for the Banana Cream pie: "My grandfather, Frank

hired by my grandfather around 1945. Some of the secrets to the pie are:

1. Made fresh each day
2. Custard made with fresh eggs, sugar and milk
3. Crust made with both margarine and whole butter
3. Fresh whipped cream with lots of

sugar to enhance natural sweetness of bananas"

See you at the next SVR function be it a dinner, Saturday Breakfast, Tour, Concours or AutoX.

haven't been seen at an SVR function in quite some time. A thought – contact fellow SVR members who haven't been to an SVR function for awhile and invite them to join us at one of our upcoming events.

As the group was getting restless Cookie informed us that dinner was on the way and we all moved toward our seats.

Fat opened his namesake restaurant in 1939. I believe his second chef created the recipe for the pie. He had formerly worked at the Mapes Hotel in Reno where he served in the bakery as well as main restaurant during the war.

After the war was over, he was

Lodi BoD Reach Out Breakfast

By Skip Quain, Drifter Contributor

Photos Nancy Olsen

SVR Board of Directors had their first BoD Reach Out Tour, a breakfast in Lodi, April 20th. Our BoD caravan arrived at Julie & Raleigh's Cafe off of Hwy 99 at 8am and prepared for the arrival of SVR members. It was clear we had arrived at the correct location as Raleigh's Porsche was parked by the restaurant's entrance. Prior to this day **Steve Barker** has been investigating ways that SVRs BoD could reach out to our club members in the surrounding Sacramento area. He developed a plan and a schedule for the BoD to travel to these surrounding areas throughout 2019.

Our BoD group was represented by **Gregg Plourde**-President, **Steve Barker**-Vice President, Treasurer- **Tom Perry-Smith**, Membership Director- **Rebecca Plourde** and Secretary-**Mardi**

Quain. Adding to the out-reach effort, **Ed Parra** represented the Drifter

magazine. And our photographer **Nancy Olsen** recorded the event.

As preparations were under way for the Concours judging, Raleigh and his staff kept us all warm with an abundant supply of coffee. The Concour entries totaled 10 with the four BoDs performing judging duties. Rita Barker and Rebecca Plourde did entrant check-in and tallying the judging totals. The winners, awarded fresh, crisp and colorful ribbons were:

1st Place: Greg Keith , 1974 911

2nd Place: Robert Hrabak , 2001 996 Carrera

3rd Place: Raleigh Morrow , 2006 997 Carrera

People Choice award: Terri & Ed Parra, 1999 996 Carrera

As our group started to enter the cafe for breakfast, a Boxster entered the parking lot. We chatted with the couple and turned out they were the new owners as of that week. They were not SVR members so they were invited to join us for our breakfast meeting, which they did.

The meeting began with Steve Barker introducing himself including his and Rita's history with SVR. Then each of the other board members gave their information. The awards were then given. And then a surprise raffle by Raleigh resulted in three of our group each being given a bottle of Lodi wine.

As our event came to an end all agreed this was a hugely successful first BoD Tour! The next BoD will be combined with the New Member Tour to Feather River Falls May 18 2019 then Woodland on June 22nd. Hope to see you there!

Golden Gate Region Opens DE and West Coast Race Series

Golden Gate Region opened its DE season in conjunction with the opening round of the PCA Club Race, West Coast series at Thunderhill Raceway on March 23-24th. There were over 93 drivers participating in the DE event, Drivers Education, while 22 drivers participated in the PCA Club Race. This was my first DE event in about 2 years and the first time that I have attended a PCA Club Race. The event was very well organized with

running a DE event and at the drivers meeting it was emphasized repeatedly.

The West Coast Series is a PCA club racing points competition comprised of all the PCA club races that occur on the west coast of the USA. Historically, club racing in the PCA has been most popular on the east coast, and this series was created (starting with the 2014 season) to encourage west coast club members to take up club racing by providing them with the increased competition and sense of camaraderie

that comes with having one's own competitive series. All PCA club racers are eligible to participate and all entrants are automatically entered into the series.

dozens of volunteers needed to put the event on without issues. Golden Gate Region DE chair **Jim McClelland** showcased his skills organizing a flawless event not only for the PCA members participating in the DE event but did a great job coordinating the PCA Club Race. Safety is always a top concern whether in club racing or

DE or Drivers Education Events are commonly run in conjunction with the PCA Race Series as a way to encourage more PCA members to get involved in a track experience and to learn the amazing performance capabilities of their Porsche. Adding a DE to the Club

Race also helps financially with covering the costs of the track rental. DE's are designed for members who are first time owners who have never driven in a track environment or drivers with years of track experience. GGR requires all first timers to attend a mandatory ground school usually held a week before the event as well as another orientation at the track. Included in your fees is an experienced instructor who will ride and coach you all day long until he or she feels you have the necessary basic skills to drive the track solo. Each DE event includes from 5-6 25 minute sessions on the track. Run groups are organized so that novices or beginners run in a separate group from the faster intermediate and advanced drivers. Between runs, beginners are required to attend post session debriefings which cover safety issues, the best lines for taking various turns at the track, a review of course worker locations on the track, what to do if you go off course, and other safety procedures. I was lucky to have as my instructor, **Stephen Shaw**, who assisted me in the

morning runs with my steering inputs, hand position, and the racing line. His 19 year old son, **Matt Shaw**, was also in attendance as a student and lapped me at least once in his Volkswagen GTI. Youth has its advantages!

Jim McClelland could not put on these events without the assistance of an experienced team of volunteers

which include but is not limited to the following individuals: **David Bunch, Sharon Neidel, George Neidel, Chuck Kolstad, Ken Mack, Scott Kalkin, Dan Thompson, Diane Dorr** and **Rick Schoonover**. Thank you and all the volunteer driving instructors for your service to GGR and PCA!

Looking ahead to the many of the events of interest: Porsche Parade,

Phase 2 Registration, opens April 15th (Banquets, TSD Rally, Concours, Autocross, Tours, and other events). Diablo Region Concours #1, Porsche Livermore, April 28th, GGR Zone 7 Autocross, May 18th, PCA Club Race, May 18-19th, Buttonwillow, Zone 7-SVR Concours, May 19th, Niello Porsche.
